Benza

Benza is a drummer and percussionist based in Dubai, with more than 18 years on stage. He moves between the drum kit and hand percussion — djembé, congas, bongos and timbales — playing live on stage or as part of a band.

His sound runs through Afro House, Organic House and Latin grooves, with roots in jazz, funk, pop and samba. In Dubai he performs at venues including Bâoli, DRIFT Beach Club, La Cantine du Faubourg and Five Palm Jumeirah, and works with hospitality groups such as Paris Society, Sunset Hospitality Group, Rikas and Relity Group. In Paris he has played the Ritz Paris and Coco at Palais Garnier.

In 2018 he toured 34 cities across Germany, Austria and Switzerland with Afrika! Afrika!, and he has also toured Brazil. His private performances include events for Neymar and Vincent Cassel.
